

10 Questions Expats (or Travelers) Should Ask to Better Understand Another Culture

1

What cultural context are you in?

2

What is the role of group vs. individual in the host culture?

3

What is the relationship like between men and women?

4

How is time perceived?

5

How is personal space perceived?

6 How are tones and volumes used in communicating?

7  What are typical practices when meeting/working with other people?

8 What other beliefs/practices are at the foundation of the other culture?

9  How big or small is the difference between your culture and the host culture?

10 How does this change your behavior?
